

THE FRUIT IS THE RESULT OF REMAINING

Let's read: John 15:5

What is the fruit?

Jesus does not command us to **produce fruit, but to remain.**

Fruit is not pursued, it manifests itself. When we remain in Christ, His life produces in us: Love, Peace, Joy, transformation, change of mind and heart.

A healthy tree bears good fruit because it is well connected to the root.

Therefore: **The fruit includes:**

- Transformed character
- Genuine love
- Peace in the midst of trials
- Obedience
- Impact on others

The fruit is evidence of life, not of effort.

- What kind of fruit is my spiritual life currently producing?
- What fruit do you want to see grow in you, and why?
- How does your life change when you stop “doing” and start “abiding”?
- What habits are weakening your communion with Him?
- What practices strengthen your abiding in Christ?
