

JESUS INVITES US TO EAT

INSTRUCTIONS:

Before you begin your passover dinner read John 20:19-29

LESSON:

Jesus was resurrected and as we read in the story, he appeared to his disciples. He appeared three times. Can you imagine the surprise the disciples experienced when they saw Jesus alive again? Most of them recognized him instantly but not all believed that it was really Jesus who was in front of them, they needed proof to be sure. However, the Lord does not reproach them for anything, on the contrary, He appears to them in different ways and on three occasions to give them the opportunity to believe in Him. The third time He appeared is reported in John 21:1-14. That time the disciples were fishing all night, however they could not catch a single fish. Then, at dawn they see that from the shore a man was asking them about the fishing, to which they responded that they had not caught anything. He asked them to try again. When they obeyed what "this man" told them, the catch was amazing. Although there were many fish, the nets did not break. Do you remember that a similar miracle had already happened on another occasion, when Jesus called some of them to be his disciples? Wow Jesus did the same miracle to remind them that he is still the same yesterday, today and forever; The first time was to invite them to walk with Him while this time He did it to invite them to eat what He Himself was cooking. In short, he invited them to approach Him as if wanting a deeper relationship with them. Later he entrusted them with a specific mission. Tomorrow we will see what that was. Tonight Jesus appears to us again to dine with us. He prepares a spiritual meal for each of us, exactly as He did with His disciples and He does it again and again throughout our lives, because His love is so much that it does not abandon us. He knows that only by believing in Him is that we can go from death to life. Let's set aside this time around a prepared and decorated table, reflect on each of the elements placed on it for each of them tells us about Jesus, his life, death and resurrection. It will be as if He Himself "appeared" to us in each one of them. Showing us who He is, what He did and will continue to do in our lives, families, community, etc. He is inviting us to establish a deep relationship with Him and His kingdom. Do you accept his invitation? (Start the Passover dinner)

QUESTIONS:

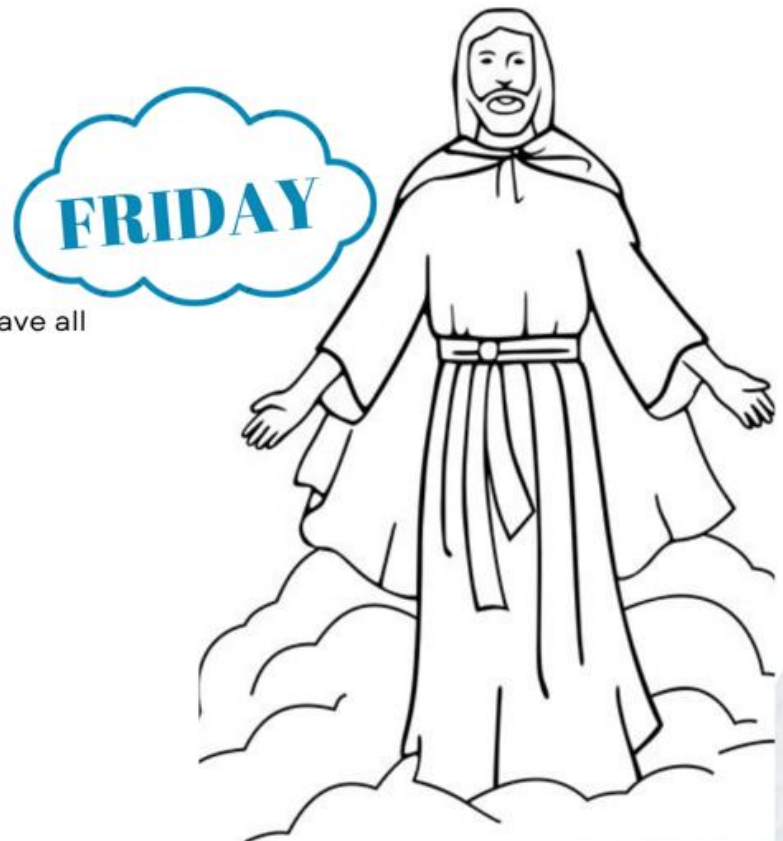

(Go over the questions in the Passover Manual)

ACTIVITY:

GRAND PASSOVER DINNER

MATERIALS:

Decorate the table and prepare dinner together. Have all the elements from the Passover Manual.
